

Avril Lavigne, Two Rivers

Grains of sand slip through your hands
Never ceasing time
Fold your hands in silent prayer
Eternal peace you'll find

[CHORUS]

Like two rivers flow
to the open sea
Someday we'll reunite
for all eternity

Let the rain falling on your face
Run in to your eyes
Can you see the rainbow now
Through the stormy skies

[CHORUS]

Like two rivers flow
to the open sea
Someday we'll reunite
for all eternity

Like two rivers flow
to the open sea
Someday we'll reunite
for all eternity

Standing in the rising tide
Heaven's light shines on you
On you, on you

Test the sea rising at your feet
How far can you go
Til you need God's helping hand
To ride the under-tow

[CHORUS]

Like two rivers flow
to the open sea
Someday we'll reunite
for all eternity

Someday we'll reunite
for all eternity

Someday we'll reunite
for all eternity
