

# Awzan, Terrorizer

My sword is bleeding  
Feel what pain is  
Cruel, nasty  
Majesty man  
My heart is suffering  
Evil climbing earth  
Let us fight  
Till death  
Let us pray  
Fight for freedom  
For next breath  
Bare an axe  
Cut some heads  
The battle is coming  
Blood is taking over me  
Creatures out of hell  
Made by the age  
Covering evil  
Through white hands  
Fools and desperates  
Fight, kill, hate  
We are gonna win  
The triumph is near  
We will fight  
To the end  
We are gonna change this world
