

# Axxis, Why Not

Got to know the people all around  
Feeling like a preacher and a clown  
Got a chance and I've paid the price  
Now I know the million lies  
My good old friends don't understand  
I still believe in my band  
I know the time is not the same  
And you want me to play this game  
Why not - why not - why not  
Why not - I wanna get a lot  
Why not - I can't get enough  
Of my first love  
Music was the first love of my life  
It's the reason why I feel alive  
But all the promises of liars  
Burning inside like a fire  
Sometimes the business is the shame  
I don't need glory and fame  
Do they believe we lost our way  
But no, no, no, we'll stay  
Why not - why not - why not  
Why not - I wanna get a lot  
Why not - I can't get enough  
Why not...  
I can't get enough  
I wanna get enough  
I don't need glory
