

# Axxis, Wonderland

A wonderworld so far away  
A land of dreams - how could we find the way  
Oh, just this hope let us survive  
To bide the days - to get through this live  
Come and take my hand  
And You will understand  
That I promise you the never-never land  
Get out, get out... get over to the wonderworld  
Get out, get out and take my invitation  
I don't believe you will find a better world  
I wanna be the one who takes you to the sun  
To feel the happiness - we need to be sad  
To know what's good - we have to feel bad  
The balance of our life is strong  
We're living in between what's right and wrong  
Come and take my hand  
Searching till the end  
And I'll promise you the never-never land  
Get out, get out... get over to the wonderworld  
Get out, get out and take my invitation  
I don't believe you will find a better world  
I wanna be the one who takes you to the sun  
Why don't you take my - my invitation?  
Why don't you want to get out, get out...?  
Get out, get out... get over to the wonderworld  
Get out, get out and take my invitation  
I don't believe you will find a better world  
I wanna be the one who takes you to the sun
