

# Ayo, Slow, Slow

What have I become is that really me?  
Look what I have done this is not who I wanna be  
I gotta face myself gotta chase my Soul  
Gotta free my mind get back my glow  
I got to go  
Yes I got to

Run run run run run run run  
Run for my Soul  
I better go go go go go go go  
Making sure I go slow slow

I got to run run run run run run run  
Run for my Soul  
I better go go go go go go go  
Making sure I go slow slow

I got to free my mind I got chase my Soul I got to be myself I got to find my glow

Things are getting strange guess I need a change  
But I can't run away no I can't escape  
I got to face myself got to free my mind  
I got to chase my Soul get back my glow  
I got to go  
Yes I got to

Run run run run run run run  
Run for my Soul  
I better go go go go go go go  
Making sure I go slow slow

I got to run run run run run run run  
Run for my Soul  
I better go go go go go go go  
Making sure I go slow slow

I got to run run run run run run run  
Run for my Soul  
I better go go go go go go go  
Making sure I go slow slow

I got to free my mind I got to chase my Soul I got to face myself I got to find my glow

Choir:  
You better run run run run run run run  
Run for your Soul  
You got to go go go go go go go  
Making sure you go slow slow  
You better run run run run run run run  
Run for your Soul  
You got to go go go go go go go  
Making sure you go slow slow  
Making sure you go slow slow  
Making sure you go slow slow
