

# Ayreon, Magic Ride

AYREON (ARJEN LUCASSEN):

I sense a fear,  
Deep inside.  
The end is near,  
I cannot hide.  
Blood is spilt,  
My quest is unfulfilled.

There's still so much,  
I long to see.  
I need to touch,  
I wish to be.  
I can't believe,  
This is all I can achieve...  
Hark me now and let me go.

To far-away lands and distant shores,  
An angel at my side.  
No evil plans or future wars.  
Take me high on a magic ride.

Did you ever care,  
How I would feel,  
As you dreamt up,  
This one-way deal?  
Lords of time,  
Don't you understand?

My life's been rough,  
I was born to lose.  
I've had enough,  
Of them future-blues.  
Grant my wish,  
My wish is your command...  
Hark me now and let me go.

To far-away lands and distant shores.  
An angel at my side,  
No evil plans or future wars.  
Take me high on a magic ride.
