Live out our dreams, ride the comet

Journey on the Migrator trail, cross the new frontiers

Pass on our genes, ride the comet

"(Jrn Lande:)" You are the future, little extremophiles

"(Floor Jansen:)" Fly towards the sun

"(Tom Englund:)" You are the future, you know what to do

"(Floor Jansen:)" Fly, it has begun

"(Magali Luyten:)"

Carry out our dangerous task, sail uncharted spheres

Pass on our genes, ride the comet
