"(Tom Englund:)" I can hear them crying!  
"(Bob Catley:)" I can see the fear!  
"(Jrn Lande:)" I can feel them dying!  
"(Jonas Renkse And Floor Jansen:)" Washed away by deadly gamma waves!  
"(Hansi Krsch:)" Do you hear them calling?  
"(Daniel Gildenlw:)" Do you see the hurt?

"(Jonas Renkse and Floor Jansen:)" All the world's a blazing funeral pyre!  
"(Tom Englund:)" I can hear the wailing!  
"(Bob Catley:)" I can see the wrath!  
"(Jrn Lande:)" I can feel them failing!  
"(Jonas Renkse And Floor Jansen:)" Washed away by a scorching sea of fire!

"(Hansi Krsch:)" Do you hear the sirens?  
"(Daniel Gildenlw:)" Do you see the burst?  
"(Steve Lee:)" Do you feel the fire?  
"(Jonas Renkse And Floor Jansen:)" All the world's a radioactive grave!  
"(Tom Englund:)" I can hear them crying  
"(Bob Catley:)" I can see the fear  
"(Jrn Lande:)" I can see them dying  
"(Jonas Renkse And Floor Jansen:)" Washed away by deadly gamma waves!

""(Part III - 2085)""

"(Jonas Renkse:)"  
Silence so loud, not a soul... left alive  
Darkness a shroud 2085  
All our dreams have disappeared  
They burned down, tree of life  
Confirming all that we have feared 2085

"(Bob Catley:)"  
Don't give up, remember how we felt  
Fire rushing through our veins  
Now's the time to rise up from our hell  
Now's the time to free our brains

"(Steve Lee:)"  
The meaning of life is to give life meaning  
Go too fast, move too slow  
Restore the balance between thinking and feeling, open up and let it flow

"(Jonas Renkse:)"  
No side has won, struggle to... survive  
Our quest here is done 2085  
All our hopes have disappeared  
Our race will... not thrive  
Time will not recall year 2085

"(Daniel Gildenlöv:)"  
Don't give in, remember all we learned  
The spark of life it did ignite  
We regained the rage for which we yearned  
We regained our will to fight

"(Jörn Lande:)"  
We must resolve this human equation  
We're already dead if we don't try  
To welcome challenge, genetic variation  
Stop the machines, prepare to die!

""(Part IV - To The Planet Of Red)""

"(Instrumental)"

""(Part V - Spirit On The Wind)""

"(Tom Englund:)" He's the last man alive  
"(Steve Lee:)" Searching for the answers  
"(Tom Englund:)" Knowing he won't survive  
"(Steve Lee:)" To the mystery of life  
"(Tom Englund:)" Relives the past, and dreams of the future  
"(Steve Lee:)" Dreaming of the future  
"(Tom Englund:)" And soon he'll set free  
"(Steve Lee:)" And the sleeper will awake  
"(Tom Englund:)" His spirit on the wind

""(Part VI - Complete The Circle)""

"(All:)"  
Make us whole, Migrator soul  
Follow me home, complete the circle  
We must survive, restore our lives  
The way I'll show, complete the circle

"(Hansi Krsch:)"  
Send back visions  
Into the past  
Of war and decay

"(Floor Jansen:)"  
Hear the final cries!  
I can see them feel  
In a world without walls

"(Anneke Van Giersbergen:)"  
Through their eyes

"(Tom Englund:)"  
I see them dying  
We have to teach them  
Migrator soul

"(Daniel Gildenlöv:)"  
We regained our will to fight  
We regained  
We found a way

"(Steve Lee:)"  
I know we'll make it in the end  
Listen to the warning

"(Bob Catley:)"  
We gave them language  
What did they say?  
What did they learn?

"(Jrn Lande:)"  
We have no chance  
We are the future  
We are the pain  
Complete the Circle

"(Steve Lee:)" Ah!!!!
