

Az Yet, Every Little Bit Of My Heart

Girl I always think about it 24/7, can't get it outta my mind,
I want so bad to be with you,
Baby while I dream about it feels like heaven,
Why you gotta be so fine,
I want so bad, to be in you,
Oh I'm longing girl to tell you cause the visions in my head,
You never will be lonely, 'long as roses are red,
You should never worry, my intentions they are true,
The only thing that matters is you,
'Cause I love you,
And I want you,
And I can't be without,
I swear there's no doubt,
That I need you,
I adore you,
Every inch, every part, with every little bit of my heart,
Baby I can think about a million reasons why you gotta be with me,
My love it flows like, endlessly,
Baby we can go about a zillion places, what's your fantasy,
Just ask and girl you shall receive,
Oh, I want so much to tell you girl you'll never hurt again,
Long as London Bridge keeps falling down just know I got your back,
'Cause there's no rhyme or reason 'bout the way I feel for you,
The only thing that matters is you,
'Cause I love you,
And I want you,
And I can't be without,
I swear there's no doubt,
That I need you,
I adore you,
Every inch, every part, with every little bit of my heart,
Cause I fell in love the day baby, you came into my life,
I never been in love,
So in love, so in love, it's so amazing,
Changing everything I think about,
And I don't want no body else to have you,
'Cause I love you,
And I want you,
And I can't be without you, i swear there's no doubt,
That I need you, I adore you,
Every inch, every part, with every little bit of my heart.
