

# Azrael, Innocence

Tell me, can you hear?  
the melody is in the air  
Around me, showing me the only way  
Tell me, tell me, if i go  
Will you cry for me?  
But now I'm hungry for your love  
tell me, tell me...  
Your face up in my mind  
Who says that "love is blind"?  
your beauty caught me unaware  
your smile carries me away  
This lovely place  
Reminds me of the first time I saw you  
Take my hand and you will never repent  
I'll take you to places never seen before  
Dreams and reality can be together  
life is too short, we can't wasted our time  
baby I'm losing my mind  
you make me loose my innocence  
1 it was loving me  
2 it was touching me  
3 it was hurting me  
And the future will say  
I held you in my heart  
from days of paradise  
you're my first thing every morning  
Electrifying female  
This lovely place  
Reminds me of the first time I saw you.  
Take my hand...  
you make me loose my innocence.
