

B.B. King, Darlin' What Happened

Oh darling, what happened to that beautiful smile?
The ones you gave me any time we were face to face
Oh is it someone else taking my place
Oh baby, what happened

Oh what happened to those fast heartbeats?
The ones that excited me so
Oh tell me, don't you love me
Oh, baby, don't you care any more?
Darling, what happened

Oh it's so sad what a little time can do
Oh when you're hanging out with another
Losing a love with you
All those good times we had
Baby, just me and you

Oh darling, before I go
There's one thing I'd like to know
Don't you love me?
Don't you care any more?
Darling, what happened
