

# B.B. King, Shake Yours

Hello baby, I'm so glad to be back  
I got the blues for you, baby, that's a natural fact  
Now since I'm back let's get into our act

I love you, baby, more than words can say  
You know I've missed you while I was away  
Now, since I'm back, baby, now it's time to play

Let's rock, roll, while I sing  
For you my love I'll do anything  
You got to shake your boogie  
I'm gonna shake mine too  
You're a sweet little angel  
Got a whole lot of loving for you

Come on let's swing  
Let's have a ball  
If you shake it, you can make it  
Let's dance
