

B.E.R., The night begins to shine

I saw you dance
From the corner
I caught your name
In a conversation
Playing hard-to-get
But I can understand
When I look at you
I see the story in your eyes
When we're dancing
The night begins to shine
Night begins to shine
The night begins to shine
Night begins to shine
When we're dancing
The night begins to shine
Talk 'til dawn
My heart was racing
I took you home
In the driving rain
Had my mind made up
I wanna feel your touch
When I look at you
I see the story in your eyes
When we're dancing
The night begins to shine
The night begins to shine
The night begins to shine
The night begins to shine
When we're dancing
The night begins to shine
The night begins to shine
(Night begins to shine)
The night begins to shine
Had my mind made up
I wanna feel your touch
When I look at you
I see the story in your eyes
When we're dancing
The night begins to shine
Night begins to shine
The night begins to shine
Night begins to shine
The night begins to shine
Night begins to shine
The night begins to shine
The night begins to shine
When we're dancing
The night begins to shine
Night begins to shine
The night begins to shine (the night begins to shine)
Night begins to shine
The night begins to shine (the night begins to shine)
