

B.o.B, Fuck You

They say that I'm changing
Cause I'm gettin famous
Fuck I don't need nobody but my god damn self
I don't need nobody but my god damn self
They say that I'm changing
Cause I'm gettin famous
Fuck I don't need nobody but my god damn self
I don't need nobody but my god damn self
Since I been in dis game
It's been like a ceilin fan
What comes around goes around
Will circlen back again
Your friends start enemies
Then enemies fall in your face
And then try ta emphentray
This all cause I entertain
But still it's quite entertainin
To see all these niggas faces
They call me B.O.B now
But back then I could'ntmake it
They say that I came up and I failed outa class
But it worked out both ways
Cause they ain't gotta see my black ass
So I grew up in dakota set
Where the coc n dro is at
Stayin strapped n loaded man
That's all they spose to know about
That's why I stay paranoid
Cause these niggas hatin now
So I keep my middle finger up until I made it out
They say that I'm changing
Cause I'm gettin famous
Fuck I don't need nobody but my god damn self
I don't need nobody but my god damn self
They say that I'm changing
Cause I'm gettin famous
Fuck I don't need nobody but my god damn self
I don't need nobody but my god damn self
Now yestaday, me n my dawg got loaded
Cracked a joke on my dawg, my dawg exploded
Nigga you changing, boy you meant that
Where da love had went at
Can't stand to see a nigga shinin
Now you under-eye-in
The click
Hate to see a nigga smile n laugh
Fuck you
Hate to see me signing autographs
Fuck you
All I need, is my voice since I'm fire weed
I don't owe a nigga shit
And I'll ask for you to ride my dick
How am I gon' change, all I know is da streets
There's alota guttas on my street and alot of gutta in me
Don't speak at me, don't wave
Ain't no hip hop parade
By the way, suck a dick, you got some garbage ass waves
They say that I'm changing
Cause I'm gettin famous
Fuck I don't need nobody but my god damn self
I don't need nobody but my god damn self
They say that I'm changing
Cause I'm gettin famous
Fuck I don't need nobody but my god damn self

I don't need nobody but my god damn self
Let me speak up so erylone can here me
You ain't neva had nuttin, so you all should fear me
Young, wild, n ruthless
Consider me grown
Ery man for himself in tha each zone
And ery since I made a statement
Ya bouncas could'nttake it
Dats a shame, look at how they obligatin
Hatin steadily plottin n wishin for Lil DG's position
They juss blinded by the lights
Ain't payin attention
Know how ta struggle with tha hard, tha green, n tha soft
Know how ta lear ta pay the cost to be the boss
You got people that follow people, screamin they need help
But I don't need nobody but my god damn self
They say that I'm changing
Cause I'm gettin famous
Fuck you
Fuck you
