Come on... come on...

Omarion, first verse...

Peek-a-boo  
Little fine lady I see you  
Little Man knows what he wanna do  
After school  
You know that it's okay  
Truth or dare  
I won't play  
Baby if you're scared  
Sweetheart, let him go  
So that I will know

Hook:  
Come on, I know what you want  
No need to front  
Come on, leave him for me  
What a pretty little thing like you gonna do with a fool like him  
When you could be with me?  
Come on, wait a minute  
Come on, I know what you want  
No need to front  
Come on, leave him for me  
What a pretty little thing like you gonna do with a fool like him  
When you could be with me?  
Come on, wait a minute

Hide and seek  
If I come catch you, would you be with me (baby)  
Can you feel my flow  
If not, you can go baby, that's fa sho  
I'll satisfy  
If you give me the time and recognize  
Sweetheart let him go  
So that I will know
