She walked through the doors of the club chillin' with her man

Lookin' sexy as hell with the jeans and a matching bag

The way she licked her lips made me wanna go and ask her name

The way she moved them hips

Kept staring at me

Let me know she wanted to play

Chorus:

Shorty is checkin' for me, (for me)

Shorty got her eyes up on me, (up on me)

We can get down with the quickness,

Just say the word and I'm with it(Mami wanna roll)
