

B2K, You Can Get It"(feat. Makeba Riddick

B2K

Miscellaneous

You Can Get It"(feat. Makeba Riddick

She walks through the doors of the club

Chilling with her man

Looking sexy as hell

With the jeans and the matching bag

The way she licked her lips

Made me want to go ask her name

The way she moved dem hips

Kept stearing at me

Let me know she wanted to play

[Chorus]

Shorty is checking for me

Shorty got her eyes up on me

We can get down with the quickness

Just say the word and I'm wit it (fa sho)

Mama want to roll with flavor

Take it from her man and save her

Girl just say the word and I'm wit it (you know)

and you definately can get it

[Verse 2:]

She saw me outside

Bout to leave

Hunni said what up

Me and my crew seating low in a Hummer truck

She steps to the drivers side saying lets bounce

So I'm like lets do this

Peace ya'll I'm out

[Makeba:]

Boy

Don't play games

What you want

Let's be clear

I'm right here

In your face

My man just left

So what's next

Tell me what you want from me

Tell me what you want from me

[Chorus 2x:]

Shorty is checking for me

Shorty got her eyes up on me

We can get down with the quickness

Just say the word and I'm wit it (fa sho)

Mama want to roll with flavor

Take it from her man and save her

Girl just say the word and I'm wit it (you know)

and you definately can get it

[Hook:]

Ya mama was a little hottie and uh

Plus she gotta body

Can't nobody knock me

We can get down with the quickness

Just say the word and I'm wit it (fa sho)

I can tell that

she was looking, looking

Even thought she is taken

Don't think I wouldn't
Girl just say the word and I'm wit it (you know)
and you definately can get it

[Rap:]
Y'all close to me
But no cigar
Its your favorite teen ideal
Super star
Not you little homie
Its Lil' Fizz ya'll
A teen hearttrob and the greatest of dem all
Girl all you gotta do is call
And I'm wit it
Cause the way that booty look
you sho can get it
Girl leave your man
Lets make some plans
Roll with the boy dat's hot
But cool as a fan
Let's Roll

[Repeat Chorus]
