

Babbie Mason, Jesus Is

Is there a place in your heart with a missing peace
Are you trying to get over but you can't win for losing
You try to figure it out
But you don't know how
So you struggle with doubt
Turn it over to Jesus
Whatever you need
Is all found in Him

Chorus:

If you need the Faith to keep on believing
If you need the Hope to shine on your fears
If you need the Love that conquers anything
Jesus Is
If you need the Way to take you to Heaven
If you need the Truth to make things clear
If you need the Life that changes everything
Jesus Is

Move up a little higher and find your new beginning
Step out a little further into the joy of living
You've got to say, "I can do all things through Christ
Who gives me the strength"
This you must pray
Turn it over to Jesus
Whatever you need
Is all found in Him

Bridge:

Jesus is the blood that's flowing through your veins
Jesus is the Light that lights your way
