

Baby Bash Feat. Aundrea Fimbres, Dip With You

All day, all night
I'm feeling your light
Let's dip, let's roll
My whip, so throwed
Let's dip, let's roll
My whip, so throwed
You know the vibe is so dashin', sexual passion
You lookin' like a chica from the cover of Maxim
We dippin' and smashin', we gassin' and breakin'
The radio's locked on, they got it quakin'
And you know it's going down 'cause I'm spic and span
I'm tryin' to get paid like I'm Vince McMahon
So let's put a little purple in your life tonight
High as a kite me and you, we gon' ride for life
Let's do it
All day, all night
I feel your light
The truth, no lie
I ain't even trippin', I just wanna dip with you
All day, all night
I'm feeling your light
The truth, no lie
I ain't even trippin', I just wanna dip with you
Come on, girl, we doing the damn doo-dah
Come on, girl, we doing the damn doo-dah
Come on, girl, we doing the damn doo-dah
You can sit shotgun and watch me maneuver
Ya whole style Super Saucy, got me ready to dip
Peel the window off the roof, put the smoke in the wind
We ain't even trippin', let them haters hate us again
It's the sophisticated player and we scrappin' with Hen
It's like magic when I pullin' out in my jeans
I might hit you with 'What is it?' or some yadda-I-mean's
And when I'm not in the Benz, they call me Cadillac Riot
And they can miss me with that drama, girl, I'm ready to party
You fin' to do it

All day, all night
I feel your light
The truth, no lie
I ain't even trippin', I just wanna dip with you
All day, all night
I'm feeling your light
The truth, no lie
I ain't even trippin', I just wanna dip with you
Let's dip, let's roll
My whip, so throwed
Let's dip, let's roll
My whip, so throwed
We in the building gettin' down like that, like that
We in the whip gettin' down like that, like that
We at the tele gettin' down like that, like that
Frisky in the morning gettin' down like that
Let's do it
All day, all night
I feel your light
The truth, no lie
I ain't even trippin', I just wanna dip with you
All day, all night
I'm feeling your light
The truth, no lie
I ain't even trippin', I just wanna dip with you
All day, all night
I'm feeling your light

The truth, no lie
I ain't even trippin', I just wanna dip with you
All day, all night
I'm feeling your light
Let's dip, let's roll
My whip, so throwed
Let's dip
