

# Baby Bash, On The Cool

On Tha Cool  
by Baby Bash

Album

[Chorus: DJ Kane]

Let's keep it on the cool (keep it on the cool)  
It's between, me and you alright  
It's the freaky things we do  
Cause baby I like it, I like it  
Let's keep it on the cool (keep it on the cool)  
If they all laugh at you  
The little thangs you do  
Cause baby I like it, I like it

[Baby Beesh]

It wasn't no love at first sight, it was sex on the first night  
How could it be so wrong when it felt so strong, it felt so right  
I like the way you back it up, cause yo chulo ain't no punk  
Get it crunk, get it crunk from the back to the front, any way you want  
Smoking, laughing, telling jokes, smashing riding on blades and spokes  
Tell them we just friends, but you and I know, what's really though  
You take me on your odyssey, keep the drama off of me  
You love to get on top of me, when I get you wet and watery  
We sizzo and uh, we doin our thug thizzo', but yo friends don't know  
We'll keep it low, and talk at the club a little and then  
When you drop em off at home, get Beeshy on the celly  
And I'll be at the telly, honey be all ready

[Chorus]

[Baby Beesh]

Well now they think they know the deal, but they don't have a clue  
The things we do me and you, got to keep it tight on the cool  
Down low on a hush, take our time don't need to rush  
You in my mind like cannabus, with the freaky way you make me bust  
Freaky deaky everytime you see me, you best believe me, I'ma lick  
You down with berries and cream, you lick me with that wine and kiwi  
You know it's nathin', to keep that gossip off of baking  
That's why we shaking, them hatas spreading information  
If only I knew then what I know now, things coulda been a little different  
But as it stands, I got a girl at home already on suspicion  
But I want my cake and eat it too, wanna be with her I wanna be with you  
You telling me that you need it too, let me tell you what we fixed to do

[Chorus]

[DJ Kane]

Oooh wee, I love it when you freak it like that  
Oooh wee, on the cool coming through from the back  
Oooh wee, I love to watch you dance on my lap  
Oooh wee, uh oooh wee  
Oooh wee, uh oooh wee

[Drew]

Oooh wee, you love to see your daddy roll up  
Oooh wee, going hard in the paint Hold up  
Oooh wee, them people in yo buisness so what (so what)  
Oooh wee, oooh wee Oooh wee

[Chorus]

[Baby Bash and DJ Kane]

Uh one time, so quick, how quick so quick  
(Baby I like it oh I like it oh yea oh yeah)  
Uh, sho fffosho fffosho
