

# Baby Bash, Sexy eyes

Sexy Eyes, theyre so lovely,  
Sexy Eyes Make me wanna love ya  
Sexy Eyes,  
Girl youre lookin way cool tonight Oohh  
Da da da da da,  
Ya know I got the cognac,  
Da da da da da,  
And the phat bomb sack  
Da da da da da,  
Your sexy eyes got me hypnotized,  
Lady come and take a ride with me  
Shorty do you know the time  
All I wanna do is vibe  
Put you on the suga rise  
Smilin wit your pearly whites  
Sexy eyes  
Sexy waist  
Sexy each and every day  
When I put this thang up on ya  
Sexy mama wanna marry me  
But hold up now, we just met  
Let me see how long you keep it wet  
Hold it steady, already,  
Baby girl we done did dat  
Its like a stair way to paradise  
When I look into your eyes,  
Mama very nice  
And we can do all type of thangs  
Rollin in them whips and I like to swang  
You know its nothing to a trilla though  
Your sexy eyes are so spiritual  
[Chorus x1]  
The steelo so kamikaze  
Shrinin like Liberachy  
Smellin' like Burberry  
Me Issey Miyake  
Its goin down like gravity  
Yo baby daddy mad at me  
And I throw these things so handley  
Cop me an assault and battery  
She still wanna love me like a playboy bunny  
Lookin like warm hunny  
So classy and stunny  
Faithfully, she waits for me  
Like the real ones really do  
So gracefully shes made for me  
And you know thats on the cool  
Girl get your shine on like candle in the wind  
Gotta keep my mind strong  
When Im hammerin' within  
And one look is all it took  
Incredible thighs  
And one look is all it took  
Incredible eyes  
[Chorus x1]  
[x2]  
Time dont wait for love  
And life dont wait for a break in the weather  
Its time for me and you to hook up  
Lets get this thing together  
[Chorus x2]
