

Baby Bash, That's How I Go

That's how I go, that's how I go
That's how I go, how I go, how I go
I let the roof drop drippin' candy with super baby in my new car
And I'm glad that she love to have me, I'm like, ooh Lord
From Jamaica to Puerto Rico down to Utah
From Miami to California they some cool brahs
Haters tell me they can't be mad at my new job
We be goin' hard in the bank like a hoop star
It's finger lick, lickin' good like a full course
Give it to you, girl, don't have to tell you baby you start
If you like it you know I love it baby, 2 more
And the smell of that new Chanel girl, it never fail
We can fly away or just drive, baby, heads or tails?
And oh yeah, and oh yeah
Said I met a lot of ladies and I travel the world
Sometimes I party like crazy showin' love to the girls
That's how I go, that's how I go, girl, that's how I go, girl
I go and go, that's how I go, girl, that's how I go, girl
And then my pockets look gravy with plenty to give
Somebody 'bout to have my baby and the key to my crib
That's how I go, that's how I go, girl, that's how I go, girl
I go and go, that's how I go, girl, that's how I go, girl
I said man girl, you think it's 5 o'clock traffic on that 101
Maybe later on tonight me and you can have ourselves a 1 on 1
I swear I've seen you somewhere else, maybe it was on a movie screen Maybe it was on a television
I know and I don't care, let me see your underwear
Let me see how thick you is baby, let me see what's under there
Everybody know we go, go, go, go, oh, so fast when I'm on my grind
But I can't lie when I see that ass, I slow it down and take my time
Said I met a lot of ladies and I travel the world
Sometimes I party like crazy showin' love to the girls
That's how I go, that's how I go, girl, that's how I go, girl
I go and go, that's how I go, girl, that's how I go, girl
And then my pockets look gravy with plenty to give
Somebody 'bout to have my baby and the key to my crib
That's how I go, that's how I go, girl, that's how I go, girl
I go and go, that's how I go, girl, that's how I go, girl
Girl, I gotta red eye flight, sound check, another photo shoot
Girl, I gotta go, I gotta do another interview
Studio tonight, have a banger you could listen to
Baby, you ain't even gotta ask, you know I'm missin' you
The money keep comin', girl, 'cause we keep goin'
Yeah, we go and go and go and go and go and keep goin'
Yeah, the money keep comin', girl, cause we keep goin'
Yeah we go and go and go and go and go and keep goin'
Said I met a lot of ladies and I travel the world
Sometimes I party like crazy showin' love to the girls
That's how I go, that's how I go, girl, that's how I go, girl
I go and go, that's how I go, girl, that's how I go, girl
And then my pockets look gravy with plenty to give
Somebody 'bout to have my baby and the key to my crib
That's how I go, that's how I go, girl, that's how I go, girl
I go and go, that's how I go, girl, that's how I go, girl
That's how we go
