

Baby Bird, Cfc

Have you ever seen the golden mile
Have you ever driven someone wild
Have you ever wanted to kill a screaming child
Have you ever taken the mean out of meanwhile

Oh, I hope so

(x3)

I look up at the sky
And a plane's flying by
Smoking around the loops of your nickname
I used to call you CFC
It used to rhyme with happy
But now I'm sad
I've got no one to blame
Except myself
And that's selfish
So I'm going out
With my suitcase & my kisscurl
And I'm going out to change the world
But it's so easy for me to say
When I sit on my butt all day
So angry and clenching my fist
Crossing the word selfish off my list
Off my list

Have you ever sat down

And started to smile

At the old man who got up & danced

His way for a good cause to France

Oh, I hope so

(x3)
