

Baby Vox, Cut

Cut your love Forget everything
I don't wanna take it in my heart
There are tears behind a smiling face
Please forget everything
I don't take it in my soul
I don't want any commands
I cannot let you leave
Just push all her memories to another place
If you don't tell me
I will think that it is just a small matter which is not related to me
Don't you know
Actually I wanted to ask you
And I wanted you to be angry
But is this really, love?
Even I feel it
If I must leave you because of this
I don't want to know about the truth
I don't wanna take it in my heart
There are tears behind a smiling face
Please forget everything
I don't wanna take it in my soul
I don't want any commands
I cannot let you leave
Just push all her memories to another place
After this moment
Did you ever think
The truth that you have betrayed me
Although I am very tired
But I won't let you go
