

Baby Washington, I Can't Wait Until I See My Baby

I can't wait until
I see my, my baby's face
When I tell him that I'm through
Oh, I'm through with him

Now he's been running around
I got to put him down
I can't wait to see the look
The look in his eyes

I wonder if he'll cry
When I tell him it's goodbye
Or will he try to change my mind
And make me stay

Or will he turn around
And with a smile on his face
Just walk away (walk away)
Walk away (walk away)

I can't wait until
I see my, my baby's face
Gotta find out what I feel
Oh, what I mean to him

Now, just one tear is all
He's got to shed for me
And I know that I will run
Yes, I will

I'll run to him
And hold him tight
And never, never let him go

And I can't wait until
I see my, my baby's face
I can't wait until
I see my, my baby's face

My, my, my
I can't wait until
I see my, my baby's face
