Babyface, Can-u-dance

Babyface Miscellaneous Can-u-dance Written by carlos greene, d. mitchell, l.a. reid (1987) Performed by the deele

Einstein You say wine time I say high time We say dance

I got my juke box playing in the back girl And it's rockin' Because i feel like i wanna rock the block girl No talking I like to see what you can do When you drop your guards and get loose I wanna make you feel faint And be your main man rockin' 'round the block girl Non-stoppin'

I'm kinda hot
Hey come and see
You don't have to be told
I've got a dance degree
I'm always smokin'
I don't be jokin'
I'll leave you chokin'
I say ooh, all i wanna know is

Ooh, you, all i wanna know is Can-u-dance Ooh, you, all i wanna know is Can-u-dance

Ooh, do it like this, ooh

Good god!

Now i'm a stone cold rocker from the deele y'all No jivin'
What i need is someone to get the feel y'all And ride it
I wanna block you in a corner
Make your temperature a little warmer
Now do you think that you can hang
I'll work you hard 'til you think you're in a tank girl With no goggles

I'm kinda hot
Hey come and see
You don't have to be told
I've got a dance degree
I don't be jokin'
I'm always smokin'
I'll leave you chokin'
I say ooh, all i wanna know is
