This Time Next Year

Written by Babyface, David Foster, Toni Braxton(2001 from the album "Snowflakes")

Performed by Toni Braxton

Verse 1

This time next year I'll be home lighting candles

Tryin' to just get on with my life

And this time next year hope I'm through with the hurting

Tryin' to get you out of my mind

B-section 1

So, don't try to play like you're not that concerned

And don't try to say that your heart doesn't burn

Oh, tell me

Chorus

How can you say that our love isn't special?

How can you say that our love wasn't true?

And how can you say you can take it or leave it(Leave it)

When I'm missing you

And you know you'll be missing me, too?

Verse 2

This time next year I'll be out buying presents

And something will remind me of you, yeah, yeah

And this time next year I'll be out having dinner

And run into some friends we both knew, yeah, yeah

B-section 2

Oh, don't try to play like you won't be concerned

And don't try to say that your heart doesn't yearn

Oh, tell me

Chorus

How can you say that our love isn't special?

How can you say that our love wasn't true?

And how can you say you can take it or leave it(Leave it)

When I'm missing you

And you know you'll be missing me, too?

Bridge

Come early Christmas morning

I'll be having my coffee and I'll think of you

And the things we used to do, ooh

And you know it will be breaking my heart

'Cause the holidays are special

it will always play a part in my

Heart

Tell me

Chorus

(How can you say )How can you do it, baby

(How can you say) How can you say our love ain't true?

(How can you say) you can take it or leave it(Leave it)

When I'm missing you

And you know you'll be missing

Tell me

(How can you say )How can you say baby our love ain't special

(How can you say) Tell me how you say our love ain't true?

(How can you say) You can take it or leave it(Leave it)

When I'm missing you

And you know you'll be missing

When I'm missing you

And you know you'll be missing, baby yeah

I'm missing you

And you know (you'll be missing)

That you be missing me, too?
