

# Babylon Sad, I'll Always Love You

I can't imagine living one day without you  
I'd rather just lay down and just die  
'Cause all I care about is what I mean to you  
Sweet baby just knowing you is heaven  
I'll always want you in my life  
I can't explain, I can't explain the way I feel  
You are the rhythm of my heart  
And every beat you give is just how I make do  
Swear girly nothing else could matter  
Just stay here in my heart  
And I'll always love you  
Deep in my heart  
Always love you, always love you  
And I'll always love you  
Deep in my heart  
Always love you, always love you  
There's not a feeling in this world that can describe  
All of the joy you bring to me  
I can't believe you found a way to maximize  
All the love you give and do commit  
Stay here in my life  
And only everything you heart could desire  
Is all that I want for you  
That's all I desire  
And everything and anything you wanna give  
Say the word my darlin' and I'm there to commit  
You can think it, you can dream it  
And I'll make sure you receive it  
I can't explain, I can't explain the way I feel  
You are the rhythm of my heart  
And every beat you give is just how I make do  
Swear girly nothing else could matter  
Just stay here in my heart
