

Babylon Zoo, Blue Nude

silence....
croud of the silver dance
presence of silence
Don't be alone tonight

Take both hands we clap the flavour
I will paint you
Nights through the mastervision silence
I will paint you

Blue is the canvas
Night of the silver dance
Presence of silence
Don't be alone tonight

Take both hands we clap her claim her
I will paint you
Right through the masturbation silence
I will paint you

Arrogance is sold, arrogance is cold
I will paint you
Trying to get the stars of fashion, fashion
I will paint you

I am visible
I am invisible
I am visible
I am invisible

I am visible
I am invisible
I am visible
I am invisible

I am visible
I am invisible
