

Babys, The, Over & Over

Babys, The

The Babys

Over & Over

And when i'm all alone at night

The things i've done pass through my mind

The thoughtless words the useless fights

I guess i'll never learn cause here i go

Over and over again

Why why why why

Over and over again

I thought i had it all worked out

Just what to say and what to do

So why these fears and all this doubt

Just sitting in my room thinking it over

Over and over again

Why why why why

Over and over again

Over and over again

Over and over again

And if i thought that things would change

I'd say i'm sorry once again ooh

But this time things feel so damn strange

I know i'll never love

Over and over again

Over and over again
