New Miracle
Where is this new miracle?
Where is the christ our lord?
I have heard a manger is where he lies

Born of the holy word
Where is the baby saviour?
I will bow down to him, for my heart's rule is christ the king
And i give my life to him, i give my life to him

Have you seen our redeemer?
Come on this christmas day
For the son of god has been born as man
To wash all our sins away
Have you begun the journey
To offer praise to him?

There is love and peace for every man
If we reach out and touch his hand, if we reach out and touch his hand
There is joy, born of the light
There is hope, that now has life

Have you heard of the new miracle?
Come to our word today
There is light upon us from heav'n above
And angels to guide our way
I claim thee as my saviour i praise you as christ the lord
And my one prayer is that all my life
I walk a path to your door i walk a path to your door.
