

Bachelor Girl, Treat Me Good

Don't use me
Don't tease me
Don't hurt me
Don't mess with my head
Don't flaunt me
Don't laugh at me
Talk about me
Or ignore what I said
But you can treat me good anytime you like
Show me some kindness if I'm lucky tonight
You can treat me good anytime at all
A little caring's all I'm asking for
Don't try me
Lie to me
Patronize me
Talk down to my friends
Don't neglect me
Forget me
Be angry at me
Say things to offend
But you can treat me good anytime you like
Show me some kindness if I fluke it right
You can treat me good anytime at all
A little caring's all I'm asking for
Every time I get home
You're suspicious of where I've been
And who I've seen
You're so jealous of any little thing
That takes up my time
It don't have to be that way, baby
Don't hit me
Frighten me
Threaten me
And order me around
Don't guilt me
Pressure me
Make demands on me
Keep putting me down
But you can treat me good anytime you like
Show me some kindness if I'm lucky tonight
You can treat me good anytime at all
A little caring's all I'm asking for
You can treat me good anytime you like
Show me some kindness if I fluke it right
You can treat me good anytime at all
A little caring's all I'm asking for
You can treat me good anytime you like
Show me some kindness if I'm lucky tonight
You can treat me good anytime at all
A little caring's all I'm asking for
Treat me good
Please, baby, show me your love
Don't have to be this way
Treat me good
Treat me good
Treat me good
Treat me good
All I'm asking you
Treat me good
