

Bachelor Number One, Summertime

The summer, the summer
The summer, the summer
Hello to your mother, your brother, significant other
I am the summertime and I'm here to free your mind
Kick off your shoes, the blues and use anything but your mind
'Cause this is the summertime and it's here to free your mind
How many other people can you save today?
Don't you think, it's high time that you sail away?
Leave today, don't fall behind
Try something new, turn into you, if only for a short time
And feel your head recline
Kick off your shoes, the blues and use anything but your mind
'Cause this is the summertime
How many other people can you save today?
Don't you think, it's high time that you sail away?
Leave today, don't fall behind
Hello to your mother, your brother, significant other
I am the summertime and I'm here to free your mind

How many other people can you save today?
But don't you think, it's high time that you sail away?
Leave today, don't fall behind
Hello to your mother, your brother, significant other
I am the summertime and I'm here to free your mind
I am the summertime and I'm here to free your mind, go
Hello to your mother, your brother, significant other
I am the summertime
Hello to your mother, your brother, significant other
I am the summertime
(I am the summertime, I am the summertime)
The summer, the summer
The summer, the summer
The summer, the summer
(I am the summertime)
The summer, the summer
The summertime
