

Bachman-Turner Overdrive, Away From Home

Early in the morning when the sun begins to shine
You will see this poor boy leavin', leavin' love behind
Seems it's just another day, guess I'm goin' another way
Away from home
She was the cause of all the grief you see me wearin'
Nobody thought that we would ever split apart
Seems it was an open door one that I've been through before
Away from home, away, away from home
Away, away, I must go
I've done some livin' and for sure I'll do some dyin'
Her kind of woman almost makes me give up tryin'
Packed up everything I own, strapped it on my back
I'm goin' away from home, away, away from home
Seems what I've been looking for wasn't just an open door
I must go away, away from home
So movin' on along, I'll go
This old road is all I know, go
Away, away from home
Seems what I've been looking for wasn't just an open door
I must go, away, away from home
So movin' on along I'll go, away hey hey away from home
Away from home
Away from home
Away from home
...
