

Bachman-Turner Overdrive, Take It Like a Man

Only three stops to make in Alabama
Everyone a one night stand
Workin' for a man down South Louisiana
'Cause Z Z ain't his only band
Business has been good or bad
But sittin' here will drive me mad
And I'm gonna get back where they want me
Get back where they want me
Get back where they want me
Make a stand, I'm gonna take it like a man
Met a stray woman I think it was in Texas
She was made for those who'd pay
Gotta little drunk and raised a mild ruckus
The city said, "I could not stay"
I guess I'm gonna have to change
Until my life is rearranged

You know I'm gonna get back where they want me
Get back where they want me
Get back where they want me
Make a stand, I'm gonna take it like a man
I guess I'm gonna have to change
Until this life is rearranged
I'm gonna get back where they want me
Get back where they want me
Get back where they want me
Make a stand, I'm gonna take it like a man
Take it like a man yeah
I'm gonna take it like a man
I'm gonna take it like a man yeah
