

# Bachman-Turner Overdrive, Wild Spirit

I'm a wild spirit and I've always been this free  
Lovin' the skies that I'm under  
Born to the wind, I've been flyin' through the breeze  
Storms roll off in the thunder  
Finding ways are natural to me  
Friday nights you'll find me in Lee's  
Drinkin' brew, braggin' with ease  
Makin' time with ladies I see  
I'm a wild spirit, women set the spirit free  
Can't break the spell that I'm under  
Love to break their heart, I'm to take the load on me  
End up holding my number  
A woman full of love is a tease  
Love to me is like a disease  
Take your lady, give her the squeeze  
If she cries, it's just that she's pleased, so pleased  
I'm a wild spirit, I take everything I see  
Livin' one day to another  
Waving is a thrill and I'm making sure it's me  
Thrivin' on the strain that I'm under  
Finding ways are natural to me  
Friday nights you'll find me in Lee's  
Drinkin' brew, braggin' with ease  
Making time with ladies I see, will see
