

Backstreet Boys, Baby Im Yours

Understand girl that my heart is in your hands
And I'm cautious of falling in love again
So please don't hurt me... I'm scared
You don't deserve me... I'm afraid of being a fool again

CHORUS

Baby I'm yours, if you want me and if you want my sweet love
Baby I'm yours, if you need me loving you forever
If you want me, give me your love
Girl I'm yours, if you need me

Realize girl that my faith is kind of torn
So watch your step girl because my heart is weak and worn
So won't you please be careful I'm fragile
I can't imagine the damage I'll have to handle
If you hurt me one more time please be mine

CHORUS - Repeat

SPOKEN

Baby I've been through a whole lot of relationships
Whole lot of broken promises
But now I'm ready for a real thing sweetheart

Yes I am
You don't have to worry baby
Don't you ever go no where baby

CHORUS - Repeat
