They need a helping hand

All (Chorus): Children need a helping hand

Children need a promise land

Let the children feel again

That love is alive (That love is alive)

Children need a helping hand (Day by day)

Children are so innocent (Show them the way)

Make this world a wonder land (Join us and sing)

So give us a sign (So give us a sign!)

We all are called to changed

Into a world of hope

They live (All: in a children's world)
