Children Of The World

? (Spoken): This goes out to all the children
All over the world

JC (*N Sync): This one's for the children
Children of the world

Nick: Come a little closer now
So you can see the children's eyes
There's no use in trying
When you're dealing with the dying
Brian: So let me have a talk with you
In hope that you believe it too
There's so many ways to help
Laughter you can bring

Group: Come closer now
See the children's eyes
You just have to give them
A helping hand

Group (Chorus): With a little bit of love and a little bit of time
You can help the children of the world
Just a little bit of love and a little bit of hope
There are a lot of things to do
To help the children of the world

?: Yeah the children of the world

?: R'N'G is about to take control
The only thing you gotta do
Is set yourself free
We got to help each other
That's how it has to be
2-4 Fam. gets to lend a helping hand
?: Come a little closer now
See it in their eyes
?: We've got to keep on trying
Justin (*N Sync): To stop the children crying

Group: Come closer now
See the children's eyes
You just have to give them
A helping hand

Repeat Chorus

?: We just have to understand
They all need a helping hand
With a little bit of love
A little bit of love
