

# Backstreet Boys, Everytime i close me eyes

Everytime I,  
Close my eyes (2x)  
Listen girl  
I don't know where to start  
But every word I say,  
Straight from the heart  
I've been so wrong  
Never meant to hurt you  
Oh girl I'm sorry  
Of what I put you through  
Girl I'd do anything for one more chance  
(One more chance)  
I want you back again  
(Want you back again)  
Chorus  
'Cuz everytime I close my eyes  
I see your face  
And I wonder  
When you close your eyes  
Do you think about me  
Now that I've realized,  
I want you girl and no other  
Everytime I close my eyes  
You're all that I see  
You and I shared it all together  
Each other with all we'd ever need (All we ever need)  
I thought that you would stay,  
With me forever  
But it took for granted  
The love you gave to me  
I keep on trying keep on trying  
until the end, until the end  
Baby I need you right here with me  
I get you here  
Chorus  
Girl I'm going out of my mind  
I miss you so much,  
I don't know what to do (what to do)  
Please stay  
It's just a matter of time  
Until I feel your touch  
Until you let me come back to you  
Think about you girl  
Every dya and night I'm in love  
And it feels so right, I'd never meant to hurt you  
Or caused you pain  
I was just callin' up  
In that lying game  
But now those days are over  
I've changed our ways  
And now I'm counting the minute,  
I'm counting the days  
Until you let me come back  
Till you let me start  
To find a new way  
To get back into your heart  
Girl I'd do anything for one more chance (one more chance)  
'Cuz I want you, I want you back again  
Chorus  
(You're all that I see),  
(Oh, I can see)
