Backstreet Boys, Everytime i close me eyes

Everytime I,

Close my eyes (2x)

Listen girl

I don't know where to start

But every word I say,

Straight from the heart

I've been so wrong

Never meant to hurt you

Oh girl I'm sorry

Of what I put you through

Girl I'd do anything for one more chance

(One more chance)

Ì want you back again

(Want you back again)

Chorus

'Cuz everytime I close my eyes

I see your face

And I wonder

When you close your eyes

Do you think about me

Now that I've realized,

I want you girl and no other

Everytime I close my eyes

You're all that I see

You and I shared it all together

Each other with all we'd ever need (All we ever need)

I thought that you would stay,

With me forever

But it took for granted

The love you gave to me

I keep on trying keep on trying

until the end, until the end

Baby I need you right here with me

I get you here

Chorus

Girl I'm going out of my mind

I miss you so much,

I don't know what to do (what to do)

Please stay

It's just a matter of time

Until I feel your touch

Until you let me come back to you

Think about you girl

Every dya and night I'm in love

And it feels so right, I'd never meant to hurt you

Or caused you pain

I was just callin' up

In that lying game

But now those days are over

I've changed our ways

And now I'm counting the minute,

I'm counting the days

Until you let me come back

Till you let me start

To find a new way

To get back into your heart

Girl I'd do anything for one more chance (one more chance)

'Cuz I want you, I want you back again

Chorus

(You're all that I see),

(Oh, I can see)
