

Backstreet Boys, Everytime I Close My Eyes

Everytime I close my eyes
Everytime I close my eyes
Listen girl, I don't know where to start
But every word I say is straight from the heart
I've been so wrong, never meant to hurt you
Oh girl, I'm sorry of what I put you through
Girl I'd do anything for one more chance
(One more chance)
I want you back again
(Want you back again)
'Cuz everytime I close my eyes, I see your face
And I wonder when you close your eyes
Do you think about me, now that I realize
I want you girl and no other
Everytime I close my eyes, you're all that I see
You and I shared it all together
Each other, with all we'd ever need
(All we ever need)
I thought that you would stay with me forever
But it took for granted the love you gave to me
I keep on trying, keep on trying 'til the end, 'til the end
Baby, I need you right here with me
I need you here
'Cuz everytime I close my eyes, I see your face
And I wonder when you close your eyes
Do you think about me, now that I realize
I want you girl and no other
Everytime I close my eyes, you're all that I see
Girl I'm going out of my mind
I miss you so much, I don't know what to do
(What to do)
Please stay, it's just a matter of time
'Til I feel your touch
'Til you let me come back to you
Think about you girl, every day and night I'm in love
And it feels so right, I'd never meant to hurt you
Or caused you pain
I was just callin' up in that lying game
But now those days are over, I've changed our ways
And now I'm counting the minute, I'm counting the days
'Til you let me come back, till you let me start
To find a new way to get back into your heart
Girl, I'd do anything for one more chance
(One more chance)
'Cuz I want you, I want you back again
'Cuz everytime I close my eyes, I see your face
And I wonder when you close your eyes
Do you think about me, now that I realize
I want you girl and no other
Everytime I close my eyes, you're all that I see
