Brian: Can I have a talk with you?  
Let me walk you home from school  
I got somethin that's on my mind  
And I don't know just what to do, oh no  
See girl I've been watching you  
And I think I'm a little sprung  
Can't seem to get my mind off you  
Keep thinking about you  
I think that you're the one

AJ: So won't you just listen to me  
There's so much I wanna say  
Girl I've got this love for you  
You can have it your way everyday  
I will treat you right  
I will never lie  
Girl I promise to you that I won't make you cry  
Do the same for me  
And tell me you're feeling the way that I do

All (Chorus): Girl give me your love  
I'll give you my heart  
Let's put them together  
See what we can start  
I wanna be with you  
Do you wanna be with me  
I wanna be with you  
Give me your love  
I'll give you my heart  
Let's put them together  
See what we can start  
I wanna be with you  
Do you wanna be with me  
I wanna be with you

Brian: All those people they talk about  
It's only a puppy love  
They say our feelings cannot be real  
But we know the deal yeah  
I just don't know what to do  
Cause girl I'm so crazy 'bout you  
And I know it's not wrong  
Because I wanna be everything that you need

AJ: I'm gonna walk you home from school  
I wanna help with your homework, homework  
And when you need a kiss or two  
I'll be the one, I wanna be the one  
Girl if you say yes to me  
I promise that I will not  
I'll never leave  
I'll be right by your side

My love for you I cannot hide

(Repeat Chorus)

Kevin: Girl I wanna be everything that you need  
Cause I aim to please  
And it's like that and that's the way it is (AJ: My heart's on the line)  
My heart's on the line, girl (AJ: Please don't say good-bye)  
Don't say good-bye (AJ: And you'll still be)  
Give me your love

(Repeat Chorus Till Fade)
