

Backstreet Boys, Why You Keep On Calling Me

Why you keep on callin' me
When you know we'll never be
'Cause you got someone on the side
(Instrumental break)
I said hey girl
Did you hear me?
I said hey girl
Why are you callin' now?
Aren't you with him now?
Don't try to play me for a fool
I could never be your fool gonna find someone who really wants me
Why you keep on callin' me girl
I said stop callin' me
Why you keep on callin' me
When you know we'll never be
'Cause you got someone on the side
Keep thinking that were gonna be
So you keep on callin' me
But you got someone on the side
hey girl is he really good?
Does he do ya real good?
How's he doin now
That you want me now
How can he be better than me?
How can he be better than me?
Why you keep on callin' me
Girl I said stop callin' me
Get off my back!!!!
Why you keep on callin' me
When you know we'll never be
'Cause you got someone on the side
Keep thinking that were gonna be
So you keep on callin' me
But you got someone on the side
I thought it was love
That you came from above
Damn, how could I be so wrong?
I said get off my back
