

# Bad Boy's Da Band, What We Gonna Do

It's on fire tonight  
What we gonna do tonight?  
It's on fire tonight  
What we gonna do tonight?  
What we gonna do tonight?  
What we gonna do tonight?  
You know what happened when your girl go wild  
She pop up a month later up on 'Girls Gon' wild'  
Say cheese you on 'Candid Camera'  
And your birthday's soon like a go-go dancer  
Ain't nothin' funny I ain't Jo-Jo dancin'  
E Ness, puff I's like I promote cancer  
Ain't I ain't gotta kick a pick-up line  
I'm a pimp so you can kiss where the sun don't shine  
I pull up in that platinum buggy  
Club high-acting lovely  
In the spot where it's packed and jumping  
You can catch me at the cut tryin' to rap the yucky  
Sticky icky stuff, holla at ya youngin'  
Whoo whoo, I'm back on if the macks on it  
Girls like to touch and put they mack on me  
I don't want to be a man, I'm in the one-night stands  
You know doing it big and straight ballin', eh  
Is more room in the VIP  
You can come take a seat by me  
(What we gonna do tonight?)  
Get it poppin', makin' a love scene  
Plenty room in the Limousine  
(What we gonna do tonight?)  
Baby girl, leave it up to me  
I wanna bite through your panty string  
(What we gonna do tonight?)  
'Cause I got sexy things I wanna do  
That'll get you in the mood indeed  
(What we gonna do tonight?)  
Throat-deep to the club, my truck is packed  
If there ain't enough room lap it up in the back  
Soak through the block, pull up in the parking lot  
We all smell like weed, 'cause we spark a lot

Table reserved, chicks stand up when they see me  
Lag down the way to get an apple Martini  
All-night stuntin' doin' it up  
A bunch of best-dye bitches with big-ass butts  
Could it be the snake skins with gators  
Or throw-back Raiders?  
Every moment is a Kodak for the word  
But tonight I'm no mack when it comes to girl  
The human spatula is attached to her  
I snatch the uh, pull her real close to the fur  
Gave her a bottle of Chrys, fuck a plastic cup  
Let me know if we gonna bump with ya sassy self  
'Cause the Don got ass to touch holla back  
Is more room in the VIP  
You can come take a seat by me  
(What we gonna do tonight?)  
Get it poppin', makin' a love scene
