

# Bad Boys Blue, Hungry for Love

Tossin' and turnin'  
There's a fever so deep inside  
The fever is burnin'  
And I'm lyin' awake at night  
How I want you to kiss  
Want your body to move  
And I want you to touch  
Gonna break every rule  
It can't be wrong to be in love  
It can't be wrong so don't say no  
I have been waitin' for so long  
So can't we do it now?  
Hungry for love  
Voulez-vous coucher avec moi  
In the heat of the night  
Hungry for love  
Voulez-vous coucher avec moi  
Won't you stay by my side?  
Tell me that I am just your lovin' man  
'Cause all I want is you  
Would you like to spend the night with me?  
Tell me that you do, 'cause I'm hungry for love  
Over and over  
My emotions are runnin' wild  
Make me your lover  
Let me take you back home tonight  
How I want you to kiss  
Want your body to move  
And I want you to touch  
Gonna break every rule

I can imagine how it feels  
And we are lyin' skin to skin  
Heaven is just one word away  
So can't we do it now?  
Hungry for love  
Voulez-vous coucher avec moi  
In the heat of the night  
Hungry for love  
Voulez-vous coucher avec moi  
Won't you stay by my side?  
Tell me that I am just your lovin' man  
'Cause all I want is you  
Would you like to spend the night with me?  
Tell me that you do 'cause I'm hungry for love  
How I want you to kiss  
Want your body to move  
And I want you to touch  
Girl, I'm gonna break the rules  
It can't be wrong to be in love  
It can't be wrong so don't say no  
I have been waitin' for so long  
So can't we do it now?  
Hungry for love  
Voulez-vous coucher avec moi  
In the heat of the night  
Hungry for love  
Voulez-vous coucher avec moi  
Won't you stay by my side?
