

# Bad Brains, Yes Jah

Living in times when things are slow  
people don't know where to go.

Jah will always be there.

People just suffering everywhere.

Hold on don't despair.

Jah will always be there.

Yes I know, Yes I know

it's hard to make away so hold on  
children. Hold on.

What is true.

Who the cap fit is who will wear it.

So move aside

oh evil man

move far from here.

Chorus:

Yes Jah love. Yes Jah love.

Shine so very early in the morning

bright like the moon in the evening

Listen and I'll tell you just what I know

jump high jump low.

Jah will always be there.

Pain never know you, pain never will.

Just you look an you will find.

Jah will always be there.

Jah!

Sew a fruit tree

and fruit you'll reap.

Plant not a seed

and your life it won't keep.

Hold on, children, hold on.

Respect all creation

and don't have a fear.

Know what you know and not what you hear.

Hold on children.

Chorus

I love I love yes I love I love Haile Selassie.

We give our god thanks and praise everyday.

We know we're safe in every way.
