

Bad Cabbage, Your Rude (Get Fucked)

I just want to be seen by you
While you just want to be seen
Everybody else notices you
But you just don't notice me
I just want to be right for you
While you just want to be right
I've got plenty of pictures of you
A pin up for every night
I just want to sleep next to you
While you just sleep and say next
You've sucked half of the neighborhood
My friend says you are the best
I just want to be loved by you
And you just want to be loved
Everybody knows its true
You're a bitch and you are a slut
I just want to be fucked by you
While you just want to get fucked
You're so rude you want to get fucked
So rude, just go and get fucked
I just want to be fucked by you
While you just want to get fucked
You're so rude you want to get fucked
So rude, just go and get fucked, get fucked
I just want to be fucked by you
While you just want to get fucked
You're so rude you want to get fucked
So rude, just go and get fucked
I just want to be fucked by you
While you just want to get fucked
You're so rude you want to get fucked
So rude, just go and get fucked
I just want to be fucked by you
While you just want to get fucked
You're so rude you want to get fucked
So rude, just go and get fucked
Get fucked, get fucked, get fucked
