

Bad Cash Quartet, I Care About You All

I go to the places where I been before
I know you since you were four
but we share so much more
and I need you so
yeah I need you so
I know all the answers before they are said
i see from expressinons what's inside your head
yeah I need you so
I need you so
and all of the world is beneath us today
but we rund for shelter
we rund for shelter
inside our own world
no youll'e never know how much
I care about you all
and that is the only thing
I keep inside my own hole
yeah that is the truth
for me
I go to the places where I been before
but it doesn't feel like my home anymore
yeah I need you so
I need you so
and all of the world is beneath us today
but we rund for the shelter
yeah we rund for the shelter
inside our own world
no youll'e never know how much
I care about you all
and that is the only thing
I keep inside my own hole
yeah that is the truth
for me
