

Bad Catholic Schoolgirls, Captain Abortion

AG = Awesome Gorgeous' lyrics

ST = Special T's lyrics

ST:

Was the punch in the stomach fairy late this year?

Never fear! Captain Abortion is here!

He's got a coathanger and he's full of beer!

Never fear! Captain Abortion is here!

AG:

Gonna kick you in the ovaries, tie your fucking tubeses

Seal off your vagina with fucking superglue, bitch

Thinking of reproducing? Better fucking think again.

Hoe I'm here, to control the population

ST:

Was the punch in the stomach fairy late this year?

Never fear! Captain Abortion is here!

He's got a coathanger and he's full of beer!

Never fear! Captain Abortion is here!

AG:

Why the fuck would you want kids anyway?

They're gonna grow up, rip you off and go away and turn gay

You're not even allowed to beat 'em or fucking starve them

I'm here to pull 'em out before it's even started

...stop the problem at the root

yank em out and curbstomp 'em with my fucking boot

i'm killing fucking babies to save our whole nation

Wiping out the effects of overpopulation

ST:

Was the punch in the stomach fairy late this year?

Never fear! Captain Abortion is here!

He's got a coathanger and he's full of beer!

Never fear! Captain Abortion is here!

AG:

I don't need no salt poisoning, or no pennyroyal tea

My coathanger and my bare fuckin' hands can kill a baby

When I show up to late I'll just slap the whore

Strangle the mother with the umbilical cord

And eat the baby, I fucking hate kids man, there's no excuse

To increase the population and reproduce

Save your time and money besides, we're all doomed

what's the use? fuck the world, pass the booze

ST:

Was the punch in the stomach fairy late this year?

Never fear! Captain Abortion is here!

He's got a coathanger and he's full of beer!

Never fear! Captain Abortion is here!

Was the punch in the stomach fairy late this year?

Never fear! Captain Abortion is here!

He's got a coathanger and he's full of beer!

Never fear! Captain Abortion is here!
